

Meter Locations

North Tower

You will find your water meters close to a tap system, either behind the vanity draw of the main bathroom, in the small cupboard by the sink or in the linen cupboard by the bathroom, low to the ground. The only exception being the high floors levels 55 up where the meter may be in the laundry cupboard or the power room vanity.

South Tower

The water meter is either in the Kitchen in the cupboard near the fridge, behind the vanity draw in the bathroom or in the panty cupboard or linen cupboard near the bathroom. The only exception being floors 41 up, where they can be found under the laundry sink and in the kitchen draw by the stove/oven and under the kitchen sink.

If you cannot locate your meter, please call the Utilities Office for assistance 0434 642 780 or 0478 923 758
