Flexible payment options (including payment plans) for the payment of energy bills by residential exempt customers experiencing hardship	Payment Options What we will do There are different payment options available to exempt customers experiencing hardship, including: • payment plans. If we agree to provide you with hardship support, we will offer you flexible payment options to suit your individual situation. To make your payment plan, we will consider: • how much you can pay • how much you owe • how much energy we expect you will need to use in the next 12 months or for the duration of your tenancy if your tenancy agreement is less than 12 months This will help us figure out a payment plan that is right for you. We will offer a payment plan to suit your situation. Once we agree to a payment plan, we will send you information including: • how long the payment plan will go for • the amount you will pay each time • how many payments you need to make • when you need to make your payments (this is also called the frequency of the payments) • how we worked out your payments If you miss a payment, we will contact you to see if you need help. What you must do Tell us if your situation changes and you can no longer make the payments in your plan. We can then review your payment arrangements. Tell us if your contact details change. We may stop helping you if you: • stop making payments under your plan • do not tell us when your contact details change If you have had two payment plans cancelled in the last 12 months due to non-payment: • we do not have to offer you another plan • we might disconnect your energy
